1	I guess I am comparing this lecture to Dave Phillips who also provided visuals. Dan spoke very clearly and I certainly learnt much info.	11/5/2017 4:24 PM
2	Not too sure of the relevance of the topic.	11/4/2017 7:01 PM
3	Was just a lecture - not very animated presentation - but Okay. He talked as much about new technology in many fields as he did about News & its Legitimacy. Wanted to hear mostly about that.	11/4/2017 10:22 AM
4	Excellent speaker and up to date info The new sound system made such a difference too	11/4/2017 6:34 AM
5	It seemed to me that Mr Dunsky's content did not speak to the title of the topic in depth but just briefly in passing. Lecture was more focused on technological developments/change as opposed to "news" and "legitimacy". Interesting but somewhat off-topic for what I expected.	11/4/2017 5:56 AM
6	I thought he was fantastic	11/4/2017 5:37 AM
7	Mr. Dunsky was a polished and engaging speaker. His material was insightful and thought-provoking.	11/4/2017 1:47 AM
8	He tried to cover too much information.in the hour.	11/4/2017 1:02 AM
9	Lecture title was misleading. Really had nothing to do with "fake news" as the title suggested.	11/3/2017 7:47 PM

10	Wish there was a PowerPoint to review later with his interesting statistics. I wanted to share what I learnt and could not quite remember it all.	11/3/2017 5:37 PM
11	Etiquette speaker	11/3/2017 4:38 PM
12	Excellent and professional	11/3/2017 2:06 PM
13	He was excellent!	11/3/2017 1:05 PM
14	thought it was excellent	11/3/2017 1:00 PM
15	SORRY I WAS NOT AT THIS LECTURE	11/3/2017 12:17 PM
16	Really interesting speaker. No information that was really earth shattering but rather an eloquent confirmation of what thinking people already know. Would enjoy hearing him speak again!	11/3/2017 12:08 PM
17	Expected more of the content to speak directly to fake news.	11/3/2017 11:31 AM
18	Not what was lead to be about. Didn't take away any useful info.	11/3/2017 11:23 AM
19	The new microphone is much better than the old microphone system	11/3/2017 10:59 AM
20	Great if I were to read it but too much info for me to follow I prefer to follow with points and an informal delivery	11/3/2017 10:32 AM
21	Interesting topic delivered by an excellent speaker. Enjoyed the lecture.	11/3/2017 10:06 AM
22	Excellent speaker and his material was very interesting.	11/3/2017 9:55 AM
23	A bit dry at the beginning. I found myself dozing off. Later parts were more interesting because they were more current.	11/3/2017 9:50 AM
24	Information was quite old expecting a view of what's next, not what happened	11/3/2017 9:48 AM
25	He was a fabulous speaker	11/3/2017 9:37 AM
26	Very academic, and thought provoking	11/3/2017 9:23 AM
27	He really gave a speech. His Q&A session was much more spontaneous	11/3/2017 9:13 AM
28	It would have been easier to follow with a powerpoint	11/3/2017 9:08 AM
29	He didn't really stick to the topic but he was very interesting to listen to.	11/3/2017 9:01 AM
30	I would prefer to have some visuals as well. Some slides would help me retain the information given to me.	11/3/2017 8:56 AM
31	Insightful and scary!	11/3/2017 8:30 AM
32	I was impressed that he adjusted well to the technology (mic) glitches	11/3/2017 8:23 AM
33	A little too erudite for my taste. Not a strong wrap up.	11/3/2017 8:09 AM
34	very interesting topic	11/3/2017 7:59 AM
35	We would be interested in more of Dan Dunskey - maybe a mini series?	11/3/2017 7:55 AM
36	He was an excellent presenter with a depth of understanding of the realm of media and history of information.	11/3/2017 7:45 AM
37	I would have liked to hear more about News and Legitimacy. It took a long time to get to the topic of the news and Dan was pretty vague when he got there. His talk was very interesting overall, but I keep expecting these talks to match their topic descriptions.	11/3/2017 7:21 AM
38	Dan used a lot of technical language, that could be explained more clearly to get the full gist of the information. Also, some slides would also help to further understand all the material.	11/3/2017 7:17 AM
39	Some visuals would be welcomed on the screen.	11/3/2017 7:13 AM
40	Great choice. Very current topic.	11/3/2017 7:12 AM
41	Read his notes. Was not a dynamic speaker with delivery of his content.	11/3/2017 7:04 AM
42	more visuals if possible	11/3/2017 7:02 AM

1	Now that a new speaker system is in place, some instructions from the technician would be helpful. It seems the mike on the lectern is not sensitive enough if the speaker is more than a couple of centimeters distant. The wearable mike is much better.	11/6/2017 8:59 PM
2	The new speaker system was excellent (minus battery outage). I have enjoyed two series and gleaned new information and a new perspective. As I was not able to register, Luise Levy registered (again) for me. Susan Walton	11/5/2017 4:24 PM
3	Sound was much better.	11/4/2017 10:22 AM
4	Would you please do something about the audio.	11/4/2017 7:48 AM
5	How about an evening lecture having one of the highlight speakers. This would give working people a chance to attend It might be worthwhile to have a panel discussion on a popular topic They are usually thought provoking. I believe that Dan Dunsy would be both an excellent participant OR. Moderator for this type of session	11/4/2017 6:34 AM
6	Well organized! Keep it up!	11/4/2017 5:56 AM
7	new sound system really improved the lecture.	11/3/2017 6:13 PM
8	I signed up for all the lectures and realize I can not go to some of them. Wish there was a way I could exchange those tickets for the spring series.	11/3/2017 5:37 PM
9	Audio was much improved.	11/3/2017 5:05 PM
10	For the most part, quite good.	11/3/2017 4:46 PM
11	You have done an excellent job in finding speakers.	11/3/2017 4:38 PM
12	could not hear Barbara well at all	11/3/2017 4:16 PM
13	Why did you change the starting time from 1pm to 1.30pm	11/3/2017 2:06 PM
14	Thank you for the new sound system. Wonderful.	11/3/2017 1:37 PM
15	There was a problem leaving the underground garage; the barrier was not up. The new audio system was good, when it worked.	11/3/2017 1:05 PM
16	very well thought out. Keep up good work.	11/3/2017 1:00 PM
17	No speaker series offers speakers between December and April. Yet there is a critical mass of people still at home all winter. Are you guys game?	11/3/2017 12:25 PM
18	You are doing a terrific job! Keep up the good work. Thank you.	11/3/2017 12:08 PM
19	Thanks for improving the speaker sound system!!!!	11/3/2017 11:31 AM
20	It would be highly recommended that people not leave the lecture hall during the presentation. It is very disruptive & disrespectful to the speakers. Perhaps it can be suggested that people not wanting to stay for the Q& A session that they not return after the break??	11/3/2017 10:59 AM
21	Parking gates in the underground were not left open Huge lineup to leave	11/3/2017 10:32 AM
22	Well planned and very suitable space. Hopefully the audio system will be permanently improved.	11/3/2017 10:25 AM
23	Audio comment left earlier in the survey.	11/3/2017 10:06 AM
24	The audio on the lecture is awful, the new one the speaker wears is great if the batteries work.	11/3/2017 9:55 AM
25	Well done!!!	11/3/2017 9:43 AM

26	Exit out could be better	11/3/2017 9:23 AM
27	Test the sound equipment with the speaker before the lecture. The new sound equipment is great, other than the battery glitch. Do the volunteers have to walk around during the lecture? It is disturbing.	11/3/2017 9:08 AM
28	Excellent management of a large group of (usually) unmanageable attendees.	11/3/2017 8:30 AM
29	Thank goodness for the new sound system. Thank you for so swiftly rectifying the problem. Fabulous series!	11/3/2017 8:17 AM
30	The new audio system was great...good, clear sound, compared with the mic on the podium.	11/3/2017 7:59 AM
31	Only 1 comment. I arrive at the lectures early to secure a good seat. It's disappointing that at 1 pm, when the doors open, there are already many seats that have been saved with coats and other personal items. We're all paying the same fee!	11/3/2017 7:47 AM
32	Usually the lights are dimmed, it's easier on the eyes. The night lights were difficult	11/3/2017 7:45 AM
33	I'm put off by the lectures being every week. Once or twice a month would have been better for me. Probably will not sign up again if it's every week.	11/3/2017 7:41 AM
34	This was the third lecture in this fall series, and by now it is clear to me as a listener, that the center needs to address the current microphone problems it is experiencing. It is my only criticism of the series, but it is an important one, Speakers need to have headsets with good microphones so that they can move around and be heard throughout the audience.	11/3/2017 7:41 AM
35	Unfortunately I could not attend. See you next week	11/3/2017 7:40 AM
36	The organization of Life Long Learning is excellent, parking,lecture hall, lecture format, etc...	11/3/2017 7:23 AM
37	Very well run Event. We are really enjoying this series.	11/3/2017 7:08 AM
38	Thank you for everything.	11/3/2017 7:04 AM
39	A relevant topic delivered exceptionally!	11/3/2017 7:02 AM
